THE CONNECTION BETWEEN STUDENTS AND SCHOOL COMMUNITY

BOLETIN ESCOLAR NO. 5

ENGLISH CLASSES OUTSIDE

Classes were taken outside the classroom by Tourism training group as students requested it. The class was different 'cause the environment added some informal feeling to the lesson. The topic was about past tense, so students wrote some sentences about it and then read them aloud. Benches were not necessary this time but maybe the board was. Anyway, the class took place outside and students did something they are not used to do it.
